Section 4 General Provisions

(a) Public Uses

- (i) Nothing in this By-law shall prevent the use of any land as a public park, community park, playground, road allowance or as a site for a statue, monument, cenotaph, fountain or other memorial or ornamental structure.
- (ii) The provisions of this By-law shall not apply to the use of any land or to the erection or use of any building or structure for the purpose of the public service by The Corporation of the Township of Whitby or by any local board thereof as defined by The Department of Municipal Affairs Act, R.S.O. 1950, Chapter 96, any telephone or telegraph company, any Conservation Authority established by the Government of Ontario, any department of the Government of Ontario or of Canada, including the Hydro Electric Power Commission of Ontario provided that where such land, building or structure is located in any zone:
 - (a) no goods, material or equipment shall be stored in the open, except as permitted in such zone,
 - (b) the lot coverage and yard requirements described for such zones shall be complied with, and
 - (c) any building erected under the authority of this paragraph in any Residential (R1, R2, R3) Zone shall be designed and maintained in general harmony with residential buildings of the type permitted in such zone.

(b) Excepted Lands and Buildings

Nothing in this By-law shall apply:

- (i) To prevent the use of any land, building or structure for any purpose prohibited by the By-law if such land, building or structure was lawfully used for such purpose on the day of passing of the By-law, so long as it continues to be used for that purpose; or
- (ii) To prevent the erection or use for a purpose prohibited by the By-law of any building or structure, the plans for which have, prior to the day of the passing of the By-law, been approved by the municipal architect or building inspector, so long as the building or structure when erected is used and continues to be used for the purpose of which it was erected and provided the erection of such building or structure is commenced within two years after the day of the passing of the By-law and such building or structure is completed within a reasonable time after the erection thereof is commenced.

(c) Greater Restrictions

This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.

(1308-82)

(d) Lots Having Less Area and/or Depth and/or Frontage

Where a lot having a lesser lot area, and/or lot depth, and/or frontage than that required herein is held under distinct and separate ownership from abutting lots as shown by a registered conveyance in the records of the Registry or Land Titles Office at the date of the passing of By-law 1784 or where such smaller lot is subsequently created as a result of an expropriation or a conveyance to a public road authority for road widening, such smaller lot may be used and a building or structure may be erected, altered or used on such small lot, provided that all other requirements of this By-law are complied with.

For the purpose of this section, lots on the following registered plans shall be considered as being held under separate ownership

Campbell and Way Plan, McGee Plan, B.F. Perry Plan, Wallace Farewell, and Keller Plan, Nos. 396, 467, 477, 496, 504, 513, 534, 536, 537, 541, 545, 550, 562, 565, 572, 591, 596, 600, 605, 610,638, 657, 691, 698, 709, 725.

(248-75) (e) Frontage on Public Street

(i) No person shall erect any building or structure in any zone unless (1) the lot upon which such building or structure is to be erected fronts upon an improved public street which has a perpendicular width of 20 m or more or (2) the lot upon which such building or structure is to be erected fronts upon an improved public street which has a perpendicular width of less than 20 m and is shown on a Plan of Subdivision registered in the Land Titles Office or in the Registry Office on or after January 1st, 1974.

(ii) The following streets are exempt from the provisions of subsection (i) namely:

Durham Street, Pearl Street, Church Street, Simcoe Street, Duke Street, Bagot Street and Way Street as shown on Campbell and Way Plan of the Village of Brooklin.

(iii) For the purpose of this subsection an

"Improved Public Street" means a street which has been constructed and is being maintained by the Corporation in such a manner so as to permit its use by normal vehicular traffic.

**(781-72)
(1308-82) (f) Reduction of Requirements
Repealed by By-law 919-73**

No person shall change the purpose for which any lot or building is used or erect any new building or addition to any existing building or sever any lands from any existing lot if the effect of such action is to cause the original, adjoining, remaining or new building or lot to be in contravention of this By-law, providing that nothing herein shall prevent the conveyance to a public road authority of part of any lot for the purpose of a public highway and provided further that in the event of any such conveyance, the buildings on the remaining portion of the lot may be continued to be used in the same manner and to the same extent as if such conveyance had never taken place.

(g) Sight Triangles

On a corner lot within the triangular space formed by the street lines for a distance of 12 m from their point of intersection, no hedge, shrub, tree or fence shall be planted, maintained or erected which would obstruct the vision of vehicular traffic.

(h) Building Repair

Nothing in this By-law shall prevent the strengthening to a safe condition of any building or structure or part of any such building or structure that is a non-conforming use, provided such alteration or repair does not contravene the provisions of this By-law by increasing the height, size or volume or change the use of such building or structure.

(i) Continuation of Farming Uses

Nothing herein contained shall prevent the continued use of any land, building or structure or additions to such buildings or structure for farming purposes.

(j) Accessory Uses

Where this By-law provides that land may be used or a building or structure may be erected or used for a purpose, that purpose shall include any accessory use incidental thereto.

(1794)

(k) Existing Registered Plan Nos. 582, 589, 615, 603, 628 And 643

Residential development will be permitted on lots in registered plan numbers 582, 589, 615, 603, 628 and 643, in accordance with the restrictions of the Third Density Residential (R3) Zone. Where such a lot has a lesser frontage or area than that required herein a dwelling may be erected and used on such smaller building lot provided that it conforms to all other requirements of this By-law.

(1287-81)

Where any new lots are created on either Plans 582 Macedonian Village (North) or 615 by virtue of a decision of the Land Division Committee of the Region of Durham one single family detached dwelling (unrelated to farming) may be erected and used on any such new lot providing the various zone and other provisions of this By-law are complied with.

(i) Zone Provisions

- (a) Lot Frontage
Minimum 24 m
- (b) Lot Area
Minimum 0.202 ha
- (c) Lot Coverage
Maximum for all Buildings 33% of the lot area
- (d) Front Yard
Minimum Depth 9.0 m
- (e) Interior Side Yard
Minimum Width 1.5 m
- Provided, however, and notwithstanding the above, where no garage or carport facilities are provided on the lot then the minimum width of one of the interior side yards shall be 4.9 m
- (f) Exterior Side Yard
Minimum Width 6.0 m
- (g) Rear Yard
Minimum Depth 10 m
- (h) Parking, Accessory Building, Etc.

In accordance with the provisions of Section 4 of By-law 1784.

(ii) Provided further that the following conditions are complied with:

- (a) The access to any such lot shall be from a street other than Coronation Road.
- (b) The dwelling constructed on any such lot is served by a well which is drilled or constructed into the deep aquifer which underlies the impervious clay.
- (c) The dwelling located on any such lot is served by a septic tank system which is constructed and approved by the Durham Health Unit.

(I) Roads

For the purpose of computing yard depths as required under this By-law the following road allowance widths and building line set backs shall apply:

4. The minimum angle between ramp and street line shall be 20 degrees.

(r) Lanes as Yards

Where a lot abuts a lane, one half of the width of the lane may be considered part of the lot for the purpose of computing the area of the lot and for the purpose of computing the depth of any rear yard required under this By-law.

(s) Greenbelt Zones

No part of a Greenbelt (G) Zone shall be used in calculating the lot frontage, lot area, coverage, or yards required by this By-law for uses in adjacent zones.

(t) Special Exemptions**(1889) (i) Registered Plan 477**

Notwithstanding the provisions of Schedule "A" of this By-law, with respect to minimum lot area and minimum lot frontage requirements, Lots 14 to 19 inclusive and Lots 27 to 32 inclusive on Registered Plan 477 may be divided into parcels not smaller than 20 m by 45.5 m, and on such smaller parcels buildings may be erected and used, provided there is compliance with all other requirements of this By-law. The provisions of this subsection shall apply only when the lands referred to herein are served by a public water supply and public sanitary sewer.

- (920-73) (ii) **Registered Plan 550**
- Notwithstanding the provisions of Schedule "A" of this By-law with respect to minimum lot frontage requirements, Lots 7 - 14 inclusive on Registered Plan 550 may be divided into two (2) smaller parcels, each having a frontage of not less than 23 m and on each such divided parcel, a building may be erected and used, provided that there is compliance with all other requirements of this By-law.
- (1889) (iii) **Lot 19, Concession 2**
- Notwithstanding the provisions of Schedule "A" of this By-law with respect to minimum lot frontage requirements, the following lands namely a parcel of land bounded on the north by the southerly limit of Lot 15, according to Registered Plan 467 on the east by Garrard Road, on the south by a line commencing at the northwest angle of Lot 14 according to Registered Plan 467, and running thence 72 degrees 17 minutes 30 seconds east, and on the west by Scott Street, may be divided into lots having each a frontage of not less than 20 m and a depth of not less than 100.5 m, and on each such divided parcel, a building may be erected and used providing there is compliance with all other requirements of this By-law. The provisions of this subsection shall apply only when the lands referred to herein are served by a public water supply and public sanitary sewers.
- (920-73) (iv) **Exterior Side Yards**
- (a) Notwithstanding the provisions of Schedule "A" of this By-law with respect to minimum exterior side yard requirements in Residential Zones, a building may be erected and used on a corner lot on certain registered plans as specified below, provided that:
1. a minimum exterior side yard of 4.5 m shall be required for a lot having a frontage of 20 m or less,
 2. a minimum exterior side yard of 6.0 m shall be required for a lot having a frontage of 23.5 m or less but more than 20 m and,
 3. there is compliance with all other requirements of this By-law.
- (1826) (b) The following are the registered plans referred to in sub-paragraph (a) above:
- 467, 477, 496, 534, 541, 591, 596, 601, 603, 615, 643, 657, Campbell and Way Plan, McGee Plan, B.F. Perry Plan, McTaggart Plan of Myrtle Station, Wallace, Farewell and Keller Plan, and Gerries Amended Plan.

Thence South 73 degrees 22 minutes west 198.12 m to the north west angle of Lot 33 of Registered Plan 591;

Thence North 16 degrees west 45.72 m to the Point of Commencement

may be divided into lots having each a frontage of not less than 22.86 m and a depth of not less than 60.96 m, and on each such divided parcel, a building may be erected and used providing there is compliance with all other requirements of this By-law.

(1916)**(vii) Registered Plan 467**

Notwithstanding the provisions of Schedule "A" of this By-law, with respect to minimum lot area and minimum lot frontage requirements, Lots 16, 17, 19, 20, 21, 22, 23, 24, 26, and 28 on Registered Plan 467 may be divided into four smaller parcels each having a frontage of not less than 22.86 m and on each such divided parcel, a building may be erected and used provided there is compliance with all other requirements of this By-law.

(1889)**(u) Rooms Below Grade
Repealed by By-law 6312-10****(1224-81)
(4469-99)****(v) Swimming Pools**

- (i) Notwithstanding any other provision of this By-law to the contrary, swimming pools (either above ground or inground) may only be located and used in the interior side yard, exterior side yard or rear yard provided that such swimming pool is located no closer than 1.0 m from an interior side or rear lot line and 4.5 m from a street line.
- (ii) Notwithstanding the foregoing, swimming pools (either above ground or inground) may be located no closer than 1.0 m from a streetline only where such swimming pool is located in the rear or exterior side yards.

(3072-91) (w) Satellite Dishes

Notwithstanding any other provision of this By-law, a satellite dish may be located and used in any zone category in accordance with the following provisions:

- (i) Satellite dishes shall not be permitted in the front and exterior side yards.
- (ii) No more than one satellite dish shall be permitted on a lot or one per main building; except where located in a zone other than residential.
- (iii) Satellite dishes located in any zone, shall be set back from the interior side and rear lot lines, a minimum of 1.0 m, provided that a satellite dish is located no closer than 4.5 m to any street line or the established building line on the lot, whichever is greater.

Notwithstanding the above, where a satellite dish is located in the interior side yard as a side wall mount, such side wall mount shall not be adjacent to a habitable room and the setback from the interior side lot line shall be a minimum of 0.3 m.

The above noted setbacks shall be measured from the property line to the outer edge of the dish.

- (iv) Notwithstanding clause (iii) above, where a satellite dish is located on the roof of a building, the minimum set back from any exterior wall adjacent to a front and exterior side yard shall be equal to the height of the satellite dish when installed and as measured from the outer edge of the dish.

- (v) The maximum height of a satellite dish in any zone shall be in accordance with the following:

Ground Installation –	a maximum of 5.5 m measured from the finished grade to the highest point of the satellite dish
Flat Roof Installation –	a maximum of 5.0 m measured from the roof deck to the highest point of the satellite dish
Other Than Flat Roof Installation –	a maximum of 0.3 m above the ridge of a roof measured from the bottom of the satellite dish to the ridge of the roof.

- (vi) The satellite dish diameter permitted in any zone shall be as follows:

Minimum	1.0 m

Section 4A (6925-14)

Parking and Loading Requirements

1.0 General Provisions

1.1 Applicability of this Section

- (a) For every parcel of land, building or structure to be used or erected, provision shall be made and maintained for parking spaces and loading spaces on the same lot in accordance with the standards of this Section.

1.2 Parking Spaces Required

- (a) Number of Parking Spaces

The number of parking spaces required for permitted uses in all zones shall be in accordance with Tables 4A(1) and 4A(2), unless otherwise specified by this By-law.

- (b) Rounding Provision

Where the number of parking spaces required is calculated on the basis of a rate or ratio that results in a numeric fraction, fractions of less than 0.5 shall be rounded down to the nearest whole number and fractions equal to or greater than 0.5 shall be rounded up to the next whole number.

Where the application of a rate or ratio results in a fraction of an accessible parking space being required, the minimum number of accessible parking spaces required shall be increased to the next whole number.

- (c) More Than One Use on a Lot

The parking requirements for more than one use on a single lot or for a building containing more than one use, shall be the sum total of the parking requirements for each of the component uses or buildings, unless otherwise specified by this By-law.

- (d) Requirement Based on Capacity

Where the number of parking spaces required is calculated on the basis of the capacity of a use, such capacity shall be equal to the maximum capacity of any building or structure pertaining to such use, as determined by the Ontario Building Code, relevant fire safety regulations or, where applicable, the Liquor Licensing Board of Ontario or other public agency having jurisdiction, whichever capacity is less.

- (e) Use of a Similar Nature

Where a use permitted by this By-law is not listed in Table 4A(1) and Table 4A(2), the parking requirement for that use shall be based on the requirement for a use of a similar nature.

- (f) Existing Site Specific Exceptions Continue to Apply

Notwithstanding any other provisions of this By-law to the contrary, any parking and loading provisions stated in other sections of this By-law and in site specific exceptions which are less restrictive than those provisions contained in Section 4A shall continue to apply.

1.3 Parking Space Dimensions

- (a) The minimum dimensions of all required off-street parking spaces provided in a parking area or on a driveway except those in a private garage, shall be provided in accordance with Table 4A(3) below.

Table 4A (3) Parking Space Dimensions

Type of Parking Space:	Minimum Length	Minimum Width	Minimum Height
Angled	5.8 m	2.75 m	2.1 m
Parallel	6.7 m	2.75 m	2.1 m
Perpendicular	5.8 m	2.75 m	2.1 m
Tandem	11.0 m	2.75 m	2.1 m

- (b) Where required off street parking spaces are provided in a parking structure, whether above or below grade, the minimum parking space dimensions shall be 5.8 m in length, 2.75 m in width and 2.1 m in unobstructed height.
- (c) Where the side of a required parking space is obstructed by any part of a fixed object such as a wall, column, bollard or fence, the minimum width of the required parking space shall be increased by 0.2 m for each side of the parking space that is obstructed. For the purposes of this provision the side of a parking space is obstructed when a fixed object is situated:
 - (i) within 0.3 m of the side of the parking space, measured at right angles, and
 - (ii) more than 1.0 metre from the front or rear of the parking space.
- (d) Where 50 or more parking spaces are required on a lot, the minimum parking space dimensions for up to 20% of any parking spaces supplied beyond the minimum number of parking spaces required may be 5.8 m in length and 2.4 m in width, provided that such parking spaces are clearly signed as being reserved for the parking of small vehicles only.

1.4 Additions to Buildings and/or Change of Use

- (a) The parking and loading space requirements of this Section of the By-law shall not apply to any use in existence at the date of passing of this section of the By-law so long as the gross floor area, as it existed at such date, is not increased nor the building is used for a purpose that requires more parking spaces and/or loading spaces.
- (b) Where a use is changed within an existing building, and where the new use requires more parking and/or loading spaces than the former use, the number of additional parking spaces and/or loading spaces required shall be the difference between the parking spaces and loading spaces required by the new use and the parking spaces and loading spaces required by the former use.
- (c) Where a use is changed which requires less than the number of parking spaces and loading spaces which existed at the date of passing of this Section of the By-law, the number of parking spaces and loading spaces required shall be in accordance with the number of parking spaces and loading spaces required by this Section of the By-law.

- (d) Where an addition to an existing building is constructed that increases the gross floor area, parking and loading spaces shall be provided for the new construction in accordance with the standards of this Section, in addition to the existing number of parking and loading spaces already provided and required to be maintained for the existing building.

1.5 Multiple Zones

Where a property is covered by more than one zone category, required parking and loading facilities shall be provided within that area of the property zoned for the permitted use provided that a driveway giving access from a street to service a property zoned for a permitted use may be located on land zoned for a different permitted use.

1.6 Surface Treatment

All parking areas which includes driveways, aisles, parking spaces and loading areas shall be established and maintained with a stable surface treated so as to provide a durable and dustless surface such as asphalt, concrete, paving stones or similar hardscaped surface that is capable of permitting access under all climatic conditions. The use of other materials sufficient to provide stability, prevent erosion and which provide for the infiltration of water into the ground is also permitted.

Where 4 or more parking spaces are required on a lot, all parking spaces shall be clearly marked to identify the size and location of the parking spaces.

1.7 Driveway Setback to an Intersection

The minimum distance between an intersection of street lines and the nearest driveway shall be 9.0 m except in Residential Zones, in which case the minimum distance between an intersection of street lines and the nearest driveway shall be 6.0 m.

1.8 Parking and Storage of Display Vehicles

Where a permitted use involves the outdoor storage and/or display of operational motor vehicles, such as an automobile sales establishment, such outdoor storage and / or display area shall not be considered when calculating the required parking.

1.9 Cash-In-Lieu of Parking in the VB Zone

Where requested by the owner, the Town may in any VB Zone, enter into an agreement exempting an owner or occupant from the requirement of providing or maintaining some or all of the required minimum number of parking spaces and such an agreement shall provide for the making of one or more payments to the Town in lieu of the provision of parking.

1.10 Parking Structures

Parking structures are permitted in accordance with the following provisions:

- (a) **Parking Structures 1.2 m or Less in Height above Finished Grade**

Any parking structure either below finished grade or up to a height of 1.2 m above finished grade may encroach into a required yard provided that the parking structure is located no closer than 1.0 m to a street line or lot line, and provided further that such structure shall not be located within a planned width of road allowance. This provision shall also apply to ventilation shafts, stairways and other similar facilities associated with a parking structure.

(b) Parking Structures Greater Than 1.2 m in Height above Finished Grade

Any parking structure that projects more than 1.2 m above finished grade shall be subject to all the zone provisions for the main building on the lot.

(c) Entrance and Exit Ramps

No part of any wall or structure enclosing an entrance or exit ramp above or below finished grade shall be located any closer than 2.75 m from a street line.

Any mechanism such as a gate or lifting arm devise that controls access into a parking structure shall be located no closer than 6.0m from a street line.

2.0 Accessible Parking Requirements

2.1 Ratios for Minimum Number of Spaces

(a) Accessible parking spaces shall be required for all Non-Residential uses and all Residential uses that require visitor parking spaces.

(b) The minimum number of accessible parking spaces required shall be calculated in accordance with the ratios in Table 4A(4) below.

Table 4A(4) Minimum Number of Accessible Parking Spaces

Total Number of Parking Spaces Provided in all Parking Areas on the Lot	Minimum Number of Accessible Parking Spaces Required
12 or less	1
13 to 100	4% of the total number of parking spaces in the parking area
101 to 200	1, plus 3% of the total number of parking spaces in the parking area
201 to 1000	2, plus 2% of the total number of parking spaces in the parking area
1,001 or greater	11, plus 1% of the total number of parking spaces in the parking area

(c) Notwithstanding provision (b) above, the total number of accessible parking spaces required for all Residential Uses that require visitor parking spaces shall be based on the total number of visitor parking spaces provided. The minimum number of accessible parking spaces required shall not be assigned for non-visitor use.

2.2 Dimensions and Shared Access

(a) The minimum dimensions for an accessible parking space shall be in accordance with the dimensions in Table 4A(5) below.

Table 4A(5) Accessible Parking Space Dimensions

Type	Minimum Length	Minimum Width	Minimum Vertical Clearance
Accessible Parking Space	5.8 m	3.4 m	3.0 m

- (b) An accessible path of travel with a minimum width of 1.5 m and a minimum length of 5.8 m must be provided adjacent to and run the length of an accessible parking space. An accessible path of travel can be shared by two accessible parking spaces.
- (c) Where only 1 parking space is required for a Non-Residential use, that parking space shall be designed to meet the minimum accessible parking space dimensions, but shall not be signed as such.

3.0 General Residential Parking Provisions

3.1 Location of Parking

- (a) Parking associated with a Residential use is only permitted in a parking area, parking structure, parking space, private garage, carport or on a driveway accessing a private garage, parking space or a carport related to an individual dwelling unit.
- (b) A surface parking area associated with a Residential use containing less than 3 dwelling units shall be permitted in all yards provided that no part of any parking area, other than a driveway, is located closer than 1.0 m to a street line.
- (c) A surface parking area associated with a Residential use containing 3 dwelling units or more shall not be permitted within a front yard or exterior side yard and shall be set back a minimum distance of 2.5 m from a street line.

3.2 Number of Private Driveway Entrances

Lots within any Residential Zone shall be limited to the following number of private driveways entrances:

- (a) less than 25 m of lot frontage – 1 driveway.
- (b) 25 m or more of lot frontage – 1 driveway plus 1 additional driveway for each additional 25m or portion thereof of lot frontage.

Where a lot is a corner lot or a through lot, the length of an exterior lot line or the street lines of a through lot may be included as lot frontage for the purpose of determining the number of entrances permitted.

3.3 Provisions for Circular Driveways

Notwithstanding other provisions of this By-law to the contrary, for lots within any Residential Zone that have 25 m or more of lot frontage, a circular driveway is permitted, provided:

- (a) The main building is setback a minimum of 10.5 m from the street line.
 - (b) Each driveway measured along the street line is no more than 4.0 m in width.
 - (c) The driveways are a minimum of 9.0 m apart, measured along the street line.
 - (d) The second driveway connects the public street to the other driveway that provides direct access from the public street to a private garage, carport or parking space in the interior side yard or rear yard.
-

3.4 Parking Provisions for Ground Oriented Dwelling Units

The following parking provisions apply to ground oriented dwelling units which for the purpose of this By-law are a single detached dwelling, semi-detached dwelling, link dwelling, duplex dwelling, and a townhouse dwelling with direct motor vehicle access from a public street.

- (a) One of the two required parking spaces shall be located in either the side yard, rear yard or in a private garage or carport.
- (b) A driveway shall provide direct access to a required parking space in either a side yard, rear yard or in a private garage or carport.
- (c) Within a front yard or exterior side yard, vehicle parking is only permitted on a driveway.
- (d) No more than one required parking space shall be located on a driveway in a front yard or exterior side yard.
- (e) Where a garage door opening used for motor vehicle access faces an interior side lot line there shall be no parking between the outside wall of a garage and a front lot line or an exterior side lot line.
- (f) Tandem parking spaces are permitted.

3.5 Private Driveway Widths for Ground Oriented Dwelling Units

The following provisions apply to private driveways with direct motor vehicle access from a public street serving a single detached dwelling, semi-detached dwelling, link dwelling, duplex dwelling and townhouse dwelling which have a private garage or carport:

- (a) The minimum width of a private driveway on a lot shall be 3.0m, provided that the minimum width of a private driveway in an interior side yard leading to a private garage, carport or parking space in the rear yard shall be 2.75m.
 - (b) The maximum width of a private driveway in the rear yard leading to a private garage or carport situated in the rear yard shall be 3.0 m or the width of the garage door whichever is the greater.
 - (c) The maximum width of a private driveway on a lot shall be the width of the garage door, including any intervening columns or wall sections which may separate two or more garage door openings, plus 2.0 m to a maximum width of 7.5 m provided that a minimum of 40% landscaped open space is maintained in the front yard or exterior side yard in which the driveway is located.
 - (d) The maximum width of a private driveway on a lot serving a three car garage or greater shall be the width of the garage door, including any intervening columns or wall sections which may separate two or more garage door openings, plus 2.0 m to a maximum width of 9.0 m provided that a minimum of 40% landscaped open space is maintained in the front yard or exterior side yard in which the driveway is located.
 - (e) Notwithstanding provision (d) above, where a garage door opening used for motor vehicle access faces an interior side lot line, the maximum width of a private driveway in the front yard measured along the street line shall be 6.0m.
-

- (f) Any hard surface area abutting a driveway used or capable of being used for parking a motor vehicle shall be included in the driveway width calculation excluding any parking pad or hammerhead used for the purpose of manoeuvring a vehicle such that the vehicle can exit the property in a forward motion.
- (g) Notwithstanding provision (f) above, one walkway access may be connected to one side of the driveway provided the maximum width of the walkway shall be 1.5 m.

3.6 Private Garage Dimensions to Accommodate an Unobstructed Parking Space

Notwithstanding any other provisions of this By-law to the contrary, the following provisions apply to any private garage and required parking space therein serving a single detached dwelling, semi-detached dwelling, link dwelling, duplex dwelling and townhouse dwelling.

- (a) The minimum internal dimension for a private garage that serves a single vehicle shall be 6.2 m in length and 3.0 m in width measured from foundation wall to foundation wall.
- (b) The minimum internal dimension for a private garage that serves two or more vehicles shall be 6.2 m in length and 5.5 m in width measured from foundation wall to foundation wall.
- (c) All required parking spaces within a private garage shall be a minimum of 5.4 m in length, 2.6 m in width and 2.1 m in height free of all obstructions.
- (d) Notwithstanding that a required parking space within a private garage must be unobstructed, a maximum 0.24 m horizontal or vertical encroachment shall be permitted within the unobstructed parking space to accommodate access stairs within a private garage provided that the stairs project only from the end wall of the garage or from the side wall but at a distance no greater than 1.2 m from the end wall of the garage.

3.7 Driveway Setback to a Side Lot Line

The minimum setback from a driveway to a side lot line in a front yard leading to a private garage or carport in a single detached dwelling having a minimum lot frontage of 12m shall be the minimum distance requirement for the main building from the side lot line or 0.6 m whichever is the lesser.

3.8 Private Garage Setback to a Street line

The minimum setback from a street line to the door of a private garage or to a carport accessed by a private driveway from a public street shall be 5.8m.

3.9 Private Garage Setback to an Aisle

The minimum setback from a private internal aisle or driveway system serving a multiple unit residential dwelling to a private garage, carport or unenclosed parking space shall be 2.75m.

3.10 Driveway and/or Aisle Width Serving a Multiple Unit Residential Dwelling

Driveways and/or aisles on a lot serving multiple unit residential dwellings such as a triplex dwelling, fourplex dwelling, townhouse dwelling, apartment building and retirement home shall be provided in accordance with Table 4A(6) below.

4. Definitions

For the purpose of the interpretation of the various zone provisions set forth above, the following definitions shall apply and where there is a conflict between the definitions set forth hereunder and those set forth in Section 2 of By-law #1784 the following definitions apply:

“Dwelling, Street Townhouse” means a building containing a minimum of three and a maximum of eight dwelling units, wherein each dwelling unit is on a separate freehold lot with frontage on a street, and each dwelling unit is separated from the adjacent dwelling unit by a common wall, and each dwelling unit has its own entrance from the outside, a driveway from a street or lane, and a private garage, carport, or parking space.

“Dwelling Unit, Street Townhouse” means a dwelling unit in a street townhouse dwelling.

“Lot” means a parcel or contiguous parcels of land in one ownership which is capable of being legally conveyed in accordance with Planning Act or is described in accordance with a registered Plan of Condominium, and includes a Parcel of Tied Land but excludes a zero decimal three metre reserve.

“Lot, Corner” means a lot situated at the intersection of and abutting upon two or more streets or two portions of the same street, provided that the angle of intersection of such streets, or the bend in such street, is not more than 135 degrees.

“Private Street” means a right-of-way or roadway that provides vehicular access to individual freehold lots or Parcels of Tied Land and is maintained by a condominium corporation and is not a lane.

“Street” means the right-of-way of a public highway or private street.

(iii) LOCATION OF PARKING SPACES

(a) Parking space for all residential uses may be located in a private garage, private driveway, or private carport.

(iv) THE USE OF PARKING SPACES AND AREAS

Parking spaces and areas required under this By-law shall be used for the parking of passenger vehicles only and shall not be used for the parking or storage of any commercial motor vehicles in excess of .46 tonne capacity.

(v) The distance between the intersection of street lines and the nearest driveway entrance shall be at least 7.5 m.

- (g) For the purpose of the interpretation of the various zone provisions set forth in this By-law, the following definitions shall apply. (Where there is a conflict between the definitions hereinafter set forth and those referred to in Section 2 of By-law 1784, then the definitions hereinafter set forth shall take precedence.)
- (i) **"FLOOR SPACE INDEX"** means the ratio of the gross floor area of the dwelling house (excluding garage, carport, basement and cellar) to the total lot area.
 - (ii) **"CELLAR"** means that portion of a building between two floor levels which is partly or wholly underground and which has more than one half its height from finished floor to finished ceiling, below adjacent finished grade.
 - (iii) **"BASEMENT"** means that portion of a building between two floor levels which is partly underground but which has at least one half of its height, from finished floor to finished ceiling, above the adjacent finished grade.
 - (iv) **"SINGLE FAMILY SEMI DETACHED DWELLING"** means one of a pair of two attached single family dwellings with a common party wall (either above or below grade) dividing the pair of family dwellings vertically, each of which has an independent entrance from the outside.
 - (v) **"SINGLE FAMILY TOWN HOUSE DWELLING"** means one of a group of not more than eight single family dwelling houses but not less than three single family dwelling houses attached to each other by a common party wall (either above or below grade) dividing the dwelling house vertically, each of which dwelling house
 - (a) has separate front and rear entrances or separate front and side entrances; and
 - (b) contains a private garage within each dwelling house.
 - (vi) **"YARD"** means a space, appurtenant to a building or structure, located on the same lot as the building or structure, and which space is open, uncovered and unoccupied from the ground to the sky except for such accessory buildings, structures, or uses as are hereinafter set forth:
 - (a) **ORNAMENTAL STRUCTURES**

sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters or other ornamental structures may project into any required yard a maximum distance of 0.5 m.
 - (b) **ACCESSORY STRUCTURES**

drop awnings, clothes poles, flag poles, garden trellises, fences, retaining walls, signs, or similar accessory uses shall be permitted in any required yard.
 - (c) **UNENCLOSED PORCHES, BALCONIES, STEPS AND PATIOS**

unenclosed porches, balconies, steps and patios, covered or uncovered, may project into any required yard a maximum distance of 0.9 m provided that in the case of porches, steps or patios such uses are not more than 1 m above grade.
-

(d) PRIVATE GARAGES

In a Residential Zone an attached or detached private garage, carport or other accessory building may be erected and used in the interior side or rear yard provided that (1) when such accessory building is located in an interior side yard, it shall be no closer than 1.0 m to the interior side lot line except where a mutual garage is erected on the common lot line between two lots, in which case no interior side yard is required, (2) when such accessory building is located in the rear yard no yard is required except in the case where the rear lot line would be the side lot line of the adjoining lot in which case such accessory building shall be no closer than 1.0 m to that portion of the rear lot line which adjoins the interior side yard of the adjoining lot if such lot is built upon or which adjoins the required interior side yard of the adjoining lot if such lot is vacant, and (3) in no case shall an accessory building be located closer than 6 m to any street line.

- (vii) **"HEIGHT OF BUILDINGS"** means the vertical distance between the average elevations of the finished surface of the ground at the side of the building; and,
- (a) in the case of a flat roof, the highest point of roof surface or the parapet, whichever is the greater;
 - (b) in the case of a mansard roof, the deck roof line; and
 - (c) in the case of a gable, hip or gambrel roof, the mean heights between the eaves and the ridges, exclusive of any accessory roof construction such as a chimney, tower steeple or television antenna.
- (viii) **"ZERO DECIMAL THREE METRE RESERVE"** means a strip of land of 0.3 m in width owned by the Corporation of the Town of Whitby or owned by the Regional Municipality of Durham.
- (ix) **"EXTERIOR SIDE YARD"** means a side yard immediately adjoining a public street or immediately adjoining a 0.3 m reserve.
- (x) **"LANDSCAPED OPEN SPACE"** means open unobstructed space on a lot which is suitable for the growth and maintenance of grass, flowers, bushes and other landscaping and, notwithstanding the foregoing, includes any surfaced walk, patio, tennis court or similar recreational area and any swimming or decorative pool, but does not include any driveway, ramp or motor vehicle parking area, whether surfaced or not.

(c) **PARKING AREA REQUIREMENTS**

The provisions of Section 4(n) of By-law 1784 shall not apply to any residential development referred to in this By-law and instead the following provisions shall apply:

- (i) The owner of every building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant, or other person entering upon or making use of the said premises from time to time, parking spaces and areas as follows:

TYPE OF USE	MINIMUM PARKING REQUIREMENTS
All Residential Uses	2 spaces for each dwelling unit

- (ii) **"PARKING SPACE"** means an area of not less than 18.5 m² with a minimum perpendicular width of 2.75 m and a minimum perpendicular length of 6 m for parking of motor vehicles.

(iii) **LOCATION OF PARKING SPACES**

- (a) Parking space for all residential uses may be located in a private garage, private driveway, or private carport.
- (b) The distance between the intersection of a street line and the nearest driveway entrance shall be at least 7.5 m

(iv) **THE USE OF PARKING SPACES AND AREAS**

Parking spaces and areas required under this By-law shall be used for the parking of passenger vehicles only and shall not be used for the parking or storage of any commercial motor vehicle in excess of 0.46 tonne capacity.

- (d) For the purpose of the interpretation of the various zone provisions set forth in subsection (b)(ii) above, the following definitions shall apply. (Where there is a conflict between the definitions hereinafter set forth and those referred to in Section 2 of By-law 1784, then the definitions hereinafter set forth shall take precedence.)

- (i) **"FLOOR SPACE INDEX"** means the ratio of the gross floor area of the dwelling (excluding garage, basement and cellar) to the total lot area.
- (ii) **"ZERO DECIMAL THREE METRE RESERVE"** means a strip of land of 0.3 m in width owned by the Corporation of the Town of Whitby or owned by the Regional Municipality of Durham.
- (iii) **"EXTERIOR SIDE YARD"** means a side yard immediately adjoining a public street or immediately adjoining a 0.3 m reserve.
- (iv) **"HEIGHT" and "HEIGHT OF BUILDING"** means the vertical distance between the average elevation of the finished surface of the ground at the side of the building and,

- (a) In the case of a flat roof, the highest point of the roof surface or the parapet whichever is the greatest;
 - (b) in the case of a mansard roof, the deck roof line and,
 - (c) in the case of a gable, hip or gambrel roof, the mean heights between the eaves and ridges exclusive of any accessory roof construction such as a chimney, tower, steeple or television antenna.
- (v) **"CELLAR"** means that portion of a building between two floor levels which is partly or wholly underground and which has more than one half its height from finished floor to finished ceiling, below adjacent finished grade.
- (vi) **"BASEMENT"** means that portion of a building between two floor levels which is partly underground but which has at least one half of its height, from finished floor to finished ceiling, above the adjacent finished grade.
- (vii) **"YARD"** means a space, appurtenant to a building or structure, located on the same lot as the building or structure, and which space is open, uncovered and unoccupied from the ground to the sky except for such accessory buildings, structures, or uses as are hereinafter set forth:
- (a) Sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters, or other ornamental structures may project into any required yard a maximum distance of 0.5 m.
 - (b) Drop awnings, clothes poles, flag poles, garden trellises, fences, retaining walls, signs, or similar accessory uses shall be permitted in any required yard.
 - (c) Unenclosed porches, balconies, steps and patios, covered or uncovered, may project into any required yard a maximum distance of 1.0 m provided that in the case of porches, steps or patios such uses are not more than 1.2 m above grade.
 - (d) **PRIVATE GARAGES**
In a Residential Zone an attached or detached private garage, carport or other accessory building may be erected and used in the interior side or rear yard provided that (1) when such accessory building is located in an interior side yard, it shall be no closer than 1.2 m to the interior side lot line except where a mutual garage is erected on the common lot line between two lots, in which case no interior side yard is required, (2) when such accessory building is located in the rear yard no yard is required except in the case where the rear lot line would be the side lot line of the adjoining lot in which case such accessory building shall be no closer than 1.2 m to that portion of the rear lot line which adjoins the interior side yard of the adjoining lot if such lot is built upon or which adjoins the required interior side yard of the adjoining lot if such lot is vacant, and (3) in no case shall an accessory building be located closer than 6 m to any street line.
- (viii) **"LANDSCAPED OPEN SPACE"** means open unobstructed space on a lot which is suitable for the growth and maintenance of grass, flowers, bushes and other landscaping, and, notwithstanding the foregoing, includes any surfaced walk, patio, tennis court or similar recreational area and any swimming or decorative pool, but does not include any driveway, ramp or motor vehicle parking area, whether surfaced or not.

(d) PARKING AREA REQUIREMENTS

The provisions of Section 4 (n) of By-law 1784 shall not apply to any residential development referred to in this By-law and instead the following provisions shall apply:

- (i) The owner of every building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant, or other person entering upon or making use of the said premises from time to time, parking spaces and areas as follows:

TYPE OF USE	MINIMUM PARKING REQUIREMENTS
All Residential Uses	2 spaces for each dwelling unit

- (ii) **"PARKING SPACE"** means an area of not less than 18.5 m² with a minimum perpendicular width of 2.75 m and a minimum perpendicular length of 6 m for the parking of motor vehicles.
 - (iii) **LOCATION OF PARKING SPACES**
Parking space for all residential uses may be located in a private garage, private driveway, or private carport.
 - (iv) **THE USE OF PARKING SPACES AND AREAS**
Parking spaces and areas required under this By-law shall be used for the parking of passenger vehicles only and shall not be used for the parking or storage of any commercial motor vehicles in excess of .46 tonne capacity.
 - (v) The distance between the intersection of street lines and the nearest driveway entrance shall be at least 7.5 m.
- (e) For the purpose of the interpretation of the various zone provisions set forth in this By-law, the following definitions shall apply. (Where there is a conflict between the definitions hereinafter set forth and those referred to in Section 2 of By-law 1784, then the definitions hereinafter set forth shall take precedence.)
- (i) **"FLOOR SPACE INDEX"** means the ratio of the gross floor area of the dwelling (excluding garage, basement and cellar) to the total lot area.
 - (ii) **"ZERO DECIMAL THREE METRE RESERVE"** means a strip of land of approximately 0.3 m in width owned by The Corporation of the Town of Whitby or owned by the Regional Municipality of Durham.
 - (iii) **"EXTERIOR SIDE YARD"** means a side yard immediately adjoining a public street or immediately adjoining a 0.3 m reserve.
 - (iv) **"HEIGHT AND HEIGHT OF BUILDING"** means the vertical distance between the average elevation of the finished surface of the ground at the side of the building and,
 - (a) in the case of a flat roof, the highest point of the roof surface or the parapet, whichever is the greatest,
 - (b) in the case of a mansard roof, the deck roof line and,
 - (c) in the case of a gable, hip or gambrel roof, the mean heights between the eaves and ridges exclusive of any accessory roof construction such as a chimney, tower, steeple or television antenna.
 - (v) **"CELLAR"** means that portion of a building between two floor levels which is partly or wholly underground and which has more than one half its height from finished floor to finished ceiling, below adjacent finished grade.
 - (vi) **"BASEMENT"** means that portion of a building between two floor levels which is partly underground but which has at least one half of its height, from finished floor to finished ceiling, above the adjacent finished grade.
 - (vii) **"YARD"** means a space, appurtenant to a building or structure, located on the same lot as the building or structure, and which space is open, uncovered and unoccupied from the ground to the sky except for such accessory buildings, structures, or uses as are hereinafter set forth:
 - (a) **ORNAMENTAL STRUCTURES**
-

sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters or other ornamental structures may project into any required yard a maximum distance of 0.5 m.

(b) **ACCESSORY STRUCTURES**

drop awnings, clothes poles, flag poles, garden trellises, fences, retaining walls, signs, or similar accessory uses shall be permitted in any required yard.

(c) **UNENCLOSED PORCHES, BALCONIES, STEPS AND PATIOS**

unenclosed porches, balconies, steps and patios, covered or uncovered, may project into any required yard a maximum distance of 0.9 m provided that in the case of porches, steps or patios such uses are not more than 1.0 m above grade.

(d) **PRIVATE GARAGES**

In a Residential Zone an attached or detached private garage, carport or other accessory building may be erected and used in the interior side or rear yard provided that (1) when such accessory building is located in an interior side yard, it shall be no closer than 1.0 m to the interior side lot line except where a mutual garage is erected on the common lot line between two lots, in which case no interior side yard is required, (2) when such accessory building is located in the rear yard no yard is required except in the case where the rear lot line would be the side lot line of the adjoining lot in which case such accessory building shall be no closer than 1.0 m to that portion of the rear lot line which adjoins the interior side yard of the adjoining lot if such lot is built upon or which adjoins the required interior side yard of the adjoining lot if such lot is vacant, and (3) in no case shall an accessory building be located closer than 6 m to any street line.

(viii) **"LANDSCAPED OPEN SPACE"** means open unobstructed space on a lot which is suitable for the growth and maintenance of grass, flowers, bushes and other landscaping and, notwithstanding the foregoing, includes any surfaced walk, patio, tennis court or similar recreational area and any swimming or decorative pool, but does not include any driveway, ramp or motor vehicle parking area, whether surfaced or not.

(f) The provisions of Sections 3 (b) (ii) and 3 (b) (iii) of By-law 1784 shall not apply to the zones established in Schedule "A-1" to this By-law as set forth in subsection (a) above and the zone boundaries as set out in the said Schedule "A-1" shall govern.

(g) Notwithstanding any provisions of this By-law or of By-law 1784 to the contrary, no buildings or other structures shall be erected or used in any zone abutting a Greenbelt Zone unless the same are located a distance of at least 7.5 m from the boundary of such Greenbelt Zone.

- (i) The minimum distance between two exterior walls facing and parallel to each other, where both walls contain a living room window, shall be 21 m
- (ii) The minimum distance between an exterior wall containing a living room window and a facing and parallel wall containing no windows to habitable rooms shall be the height of the higher wall or 12.5 m, whichever is the greater.
- (iii) The minimum distance between two exterior walls facing and parallel to each other, where both contain windows to habitable rooms other than living room windows, shall be the height of the higher wall or 10.5 m, whichever is the greater, provided that such distance shall not be less than 15 m for buildings over 2½ storeys in height.
- (iv) The minimum distance between an exterior wall containing a habitable room window, other than a living room window, and a facing and parallel wall containing no windows to habitable rooms shall be one half the height of the higher wall or 7 m, whichever is the greater.
- (v) The minimum distance between two exterior walls facing and parallel to each other where neither wall contains habitable room windows shall be one-quarter the height of the higher wall or 3.5 m, whichever is the greater.
- (vi) For the purpose of this paragraph (1), such exterior walls having an angle of divergence of not more than 85 degrees shall be deemed to face and be parallel to each other.
- In this clause,
"ANGLE OF DIVERGENCE" means the interior acute angle formed by and lying between such two exterior walls of their projection.
- (m) COURTS
- Where a building is in a court form the distance between opposing side walls of the building forming the court shall be not less than 21 m

(n) UNOBSTRUCTED YARDS

An unobstructed yard, clear and unobstructed by any surface parking area excluding a driveway which is used as access to the property or the parking area either above or below grade, shall be provided adjoining each exterior wall of a dwelling unit with a minimum depth measured at right angles from such wall it adjoins as follows:

in the case of a wall containing any habitable room windows 7.5 m

except that where the yard adjoins a street line the minimum depth need not exceed 6.0 m

in the case of a wall containing no habitable room windows 1.75 m

(o) PARKING

The provisions of Section 4(n) of By-law 1784 shall not apply to any residential development referred to in the aforesaid "R5A" Zone and instead the following provisions shall apply:

(i) The owner of every building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant, or other person entering upon or making use of the said premises from time to time, parking spaces and areas as follows:

1.2 spaces for each bachelor dwelling unit

1.5 spaces for each dwelling unit larger than a bachelor unit with

0.2 spaces per unit allocated and signed for visitor parking

(ii) PARKING AREA LOCATION ON LOT

All yards except the front yard provided that no part of any parking area, other than a driveway, is located closer than 7.5 m to any street line and no closer than 3 m to any side lot line.

(p) For the purpose of the interpretation of the various zone provisions set forth in Subsections (b) and (c) above, the following definitions shall apply. (Where there is a conflict between the definitions hereinafter set forth and those referred to in Section 2 of By-law 1784, then the definitions hereinafter set forth shall take precedence).

(i) **"FLOOR SPACE INDEX"** means the ratio of the gross floor area of the dwelling house (excluding garage, basement and cellar) to the total lot area.

(ii) **"HEIGHT OF BUILDINGS"** means the vertical distance between the average elevations of the finished surface of the ground at the side of the building; and,

- (a) in the case of a flat roof, the highest point of roof surface or the parapet, whichever is the greater;
 - (b) in the case of a mansard roof, the deck roof line; and,
 - (c) in the case of a gable, hip or gambrel roof, the mean heights between the eaves and the ridges, exclusive of any accessory roof construction such as a chimney, tower, steeple or television antenna.

13.2 GENERAL PROVISIONS

The provisions of By-law # 1784, as amended, shall not apply to lands shown on Schedule "A-1" annexed to By-law # 3760-95 except as otherwise provided in Sections 13.1 and 13.2.

13.2.1 APPLICATION

- 13.2.1.1 The provisions of Section 13 shall apply to all lands within the Town of Whitby which are subject to a Village of Brooklin (VB) Zone.
- 13.2.1.2 Except as otherwise provided for in Section 13.2.1.3, the provisions of Section 4, as amended, shall apply to all lands subject to a Village of Brooklin (VB) Zone, where such provisions are consistent with the provisions contained herein.
- 13.2.1.3 Sections 4(d), 4(g), 4(h), 4(l), 4(n), 4(o), and 4(u), of By-law 1784 as amended, shall not apply to any lands subject to a Village of Brooklin (VB) Zone.
- 13.2.1.4 Where there is any uncertainty with respect to the location of the boundary of a Zone, then the location of such boundary shall be determined in accordance with the scale of Schedule "A-1" at the original scale of 1:2500.

13.2.2 NON-COMPLYING USES

- 13.2.2.1 Nothing in this By-law shall prevent the extension, enlargement, repair, strengthening or replacement of a building or structure which is lawfully non-compliant provided that:
- 13.2.2.1.1 the use or uses are permitted by this By-law, and
- 13.2.2.1.2 the extent to which the building or structure does not meet the requirements of this By-law is not increased.

13.2.3 NON-COMPLYING LOTS

- 13.2.3.1 Where a lot has a lesser lot area and/or frontage as required herein and was legally existing and held in distinct and separate ownership from abutting lots prior to the passing of this By-law, such lot may be used and a building or structure may be erected or used therein in accordance with all other provision of this By-law.

13.2.4 NON-CONFORMING USES

- 13.2.4.1 Nothing in this By-law shall prevent:
- 13.2.4.1.1 the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purposes on the day of passing of this By-law and provided that it continues to be used for that purpose;
- 13.2.4.1.2 the erection or use for a purpose prohibited by this By-law of a building or structure for which a permit has been issued by the Chief Building Official, prior to the day of passing of this By-law, pursuant to the Building Code Act, so long as the building or structure when erected is used and continues to be used for the purpose for which it was built and provided the permit has not been revoked pursuant to the Building Code Act; or
- 13.2.4.1.3 the repair, replacement or strengthening to a safe condition, of any building or structure or part thereof which is used for a non-conforming use, provided such repair or strengthening does not increase the height, size, floor area or use of such building or structure beyond the original foundation wall of the building or structure.

13.2.5 HOLDING (H) ZONE SYMBOL

- 13.2.5.1 Where the Zone symbol is preceded by the letter "H", the lands shall not be developed for the uses permitted in that Zone until a By-law has been adopted by Council to remove the "H". For the purposes of Section 13.2.5, development shall not include repair and renovation to existing buildings or structures or construction of a porch or garage or other accessory structures.
- 13.2.5.2 Prior to removal of the "H", the following uses shall be permitted:
- 13.2.5.2.1 Uses existing at the date of final passing of By-law # 3760-95.
- 13.2.5.2.2 Public services
- 13.2.5.2.3 Any use permitted by By-law which may require development or redevelopment of the site but which by its nature of development or redevelopment would not increase the level of storm water run-off leaving the site beyond the level existing at the date of passing of this By-law.
- 13.2.5.3 A By-law shall not be enacted to remove the "H" until such time as it has been demonstrated, to the satisfaction of the Ministry of Transportation and the Town of Whitby, that storm water servicing facilities and/or capacities are available to service the proposed development.

14.2 General Provisions**(7252-17)**

The general provisions in Section 4 of By-law # 1784, as amended, shall not apply to lands in West Whitby as delineated on Schedules A-1 to A-5 to By-law # 7252-17. Only the following general provisions shall apply.

14.2.1 Public Uses

- (a) Nothing in this By-law shall prevent the use of any land as a public park, playground or road allowance.
- (b) Notwithstanding any other provisions of this By-law to the contrary, the Town of Whitby or Region of Durham or any of their municipal service boards as defined in the Municipal Act, and any agency of the Federal or Provincial Government, or any telephone, telecommunications, cable, natural gas, railway, or pipeline company, may use any land or erect or use any building or structure in any zone provided the use of any land, building or structure is in compliance with the most restrictive regulations contained in the zone and is in compliance with the parking requirements for such use and provided further that:
 - (i) no goods, material or equipment shall be stored in the open, except as permitted in such zone,
 - (ii) any building erected under the authority of this paragraph in any Residential (LD, MD, HD) Zone shall be designed and maintained in general harmony with residential buildings of the type permitted in such zone.
- (c) The exemption in subsection (b) for a use in any zone shall not apply to:
 - (i) the Greenbelt (G) Zone except for linear infrastructure and the uses otherwise permitted in that Zone;
 - (ii) permit any outside storage, or a waste transfer or waste processing facility; or
 - (iii) permit any land, building or structure used by any local School Board, University or College.
 - (iv) permit any land or building to be used for administrative offices, retail sales, or vehicular or equipment maintenance purposes of any utility company.

14.2.2 Legal Non-Conforming Uses

- (a) Nothing in this By-law shall apply to prevent the use of any land, building or structure for any purpose prohibited by the By-law if such land, building or structure was lawfully used for such purpose on the day of passing of this By-law, and provided that such land, building or structure continues to be used for that purpose.
 - (b) Nothing in this By-law shall prevent the strengthening to a safe condition of any building or structure or part of any such building or structure that is a non-conforming use, provided such alteration or repair does not contravene the provisions of this By-law by increasing the height, size or volume or change the use of such building or structure.
-

14.2.3 Legal Non-Complying Buildings and Structures

A non-complying building or structure which existed legally prior to the passing of this By-law may be enlarged, repaired, renovated or reconstructed provided that the enlargement, repair, renovation or reconstruction:

- (a) does not further increase the extent of a non-compliance;
- (b) complies with all other applicable provisions of this By-law.

14.2.4 Legal Non-Complying Lots

Where a lot having a lesser lot area, and/or lot depth, and/or lot frontage than that required herein is held under distinct and separate ownership from abutting lots as shown by a registered conveyance in the records of the Land Registry Office at the date of the passing of By-law # 7168-16 or where such smaller lot is subsequently created as a result of an expropriation or a conveyance to a public road authority for road widening, such smaller lot may be used and a building or structure may be erected, altered or used on such small lot, provided that all other requirements of this By-law are complied with.

14.2.5 Greater Restrictions

This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.

14.2.6 Frontage on a Street

- (a) No person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon a street.
- (b) Where a lot is separated from a street by land owned by the Town, the Region of Durham or the Province of Ontario which land is held by such public agency for future road widening purposes or as a 0.3 metre reserve, a building may only be erected upon such lot if access to a street has been granted.
- (c) Where the lot and setback requirements in a zone apply to freehold lots abutting a public street, such provisions shall equally apply to freehold lots abutting a private street.

14.2.7 Reduction of Requirements

No person shall change the purpose for which any lot or building is used or erect any new building or addition to any existing building or sever any lands from any existing lot if the effect of such action is to cause the original, adjoining, remaining or new building or lot to be in contravention of this By-law, providing that nothing herein shall prevent the conveyance to a public road authority of part of any lot for the purpose of a public highway and provided further that in the event of any such conveyance, the buildings on the remaining portion of the lot may be continued to be used in the same manner and to the same extent as if such conveyance had never taken place.

(7252-17)

14.2.8 Sight Triangle and Visibility Triangle

- (a) A sight triangle shall be required only where a visibility triangle abutting a corner lot has not been incorporated into the right of way of a public street.
 - (b) Notwithstanding any other provision of this By-law to the contrary, in a sight triangle no building, structure, fence, wall, driveway, hedge, tree, shrub or other vegetative planting or landscaping feature shall be erected, maintained or permitted that has a height of greater than 0.9 metres above finished grade level.
-

- (c) Where a corner lot abuts a visibility triangle the setback provisions and minimum front yard landscaped open space provisions shall be measured and/or calculated as if the visibility triangle had not been conveyed, provided all buildings are set back 0.6 metres from the visibility triangle with the exception that window sills, belt courses, steps, cornices, eaves, and eave troughs may project to within 0.3 metres of the lot line of the lot that forms one of the sides of the visibility triangle.

14.2.9 Continuation of Farming Uses

Nothing herein contained shall prevent the continued use of any land, building or structure or additions to such buildings or structure for farming purposes.

14.2.10 Greenbelt Zone

No part of a Greenbelt (G) Zone shall be used in calculating the lot frontage, lot area, lot coverage, or yards required by this By-law for uses in adjacent zones.

(7252-17) 14.3 Parking and Loading Provisions

The parking and loading provisions in Section 4A of By-law # 1784, as amended, shall apply to lands in West Whitby as delineated on Schedules A-1 to A-5 to By-law 7168-16 and schedules A-1 to A-5 to By-law #7252-17, except as described as follows:

- (a) The minimum number of parking spaces for a back to back townhouse unit dwelling shall be 2 spaces per dwelling unit.
 - (b) The minimum number of parking spaces for a street townhouse dwelling unit on a private street and a back to back townhouse dwelling unit on a private street shall be 2 spaces per dwelling unit plus 0.25 spaces per dwelling unit dedicated for visitor parking.
 - (c) The minimum number of parking spaces for a stacked townhouse dwelling unit shall be 1.25 spaces per dwelling unit plus 0.25 spaces per dwelling unit dedicated for visitors parking.
 - (d) In addition to the required parking for dwelling units in an apartment building, parking for non-residential uses within the same building shall also be provided in accordance with such uses as described in Table 4A(2).
 - (e) The following provisions apply to private driveways with direct motor vehicle access from a street serving a single detached dwelling, semi-detached dwelling, duplex dwelling and townhouse dwelling which have a private garage or carport:
 - (i) The minimum width of a private driveway on a lot shall be 3.0 metres, except that the minimum width of a private driveway in an interior side yard leading to a private garage, carport or parking space in the rear yard shall be 2.75 metres.
 - (ii) The maximum width of a private driveway on a lot serving a one car private garage shall be 4.4 metres.
 - (iii) Notwithstanding section 14.3 (e)(ii), the maximum width of a driveway leading to a private garage or carport situated in the rear yard and accessed from a street shall be 3.0 metres or the width of the garage door, whichever is the greater and no maximum driveway width shall apply if the driveway is accessed from a lane.
 - (iv) The maximum width of a private driveway on a lot serving a two car width private garage shall be 7 metres.
 - (v) Notwithstanding provision 14.3 (e)(iv) above, where a garage door opening used for motor vehicle access faces an interior side lot line, the maximum width of a private driveway in the front yard measured along the street line shall be 6.0 metres.
 - (vi) Any hard surface area abutting a driveway used or capable of being used for parking a motor vehicle shall be included in the driveway width calculation excluding any parking pad or hammerhead used for the purpose of manoeuvring a vehicle such that the vehicle can exit the property in a forward motion.
 - (vii) Notwithstanding provision 14.3 (e)(vi) above, one walkway access may be connected to one side of the driveway provided the maximum width of the walkway shall be 1.5 metres and the walkway shall not extend out from the front wall or porch for more than 50% of the depth from the street to the front wall or porch of the dwelling.
-

- (7252-17)**
- (f) The minimum distance between an intersection of street lines and the nearest driveway shall be 9.0 metres except in Residential Zones, in which case the minimum distance between an intersection of street lines and the nearest driveway shall be 6 metres and provided further that no driveway shall access a lot by crossing through a visibility triangle.
 - (g) The minimum lot frontage for a single detached dwelling containing an attached two car private garage accessed from the front yard shall be 10.5 metres. This provision does not apply to a private garage containing a tandem parking space.
 - (h) Subsection 3.9 of Section 4A of By-law # 1784 shall not apply.
-

14.4 Residential Zone Regulations

14.4.1 Uses Permitted

The following Table 14.4(1) establishes the uses permitted in the Low Density (LD), Medium Density (MD) and High Density (HD) Zones. The uses permitted in the LD, MD and HD Zones are identified in Table 14.4(1) through “Yes” under the column related to each zone. The uses not permitted in the LD, MD, and HD Zones are identified in Table 14.4(1) through a not permitted (n/p) symbol under the column related to each zone. Where a “Q” is shown in the column under a zone, a qualification applies to a permitted use as described following Table 14.4(1).

Table 14.4(1): Uses Permitted in Residential Zones

Residential Use	LD Zone	MD Zone	HD Zone
Single detached dwelling	Yes	n/p	n/p
Semi-detached dwelling	Yes	n/p	n/p
Street townhouse dwelling	n/p	Yes	Yes
Block townhouse dwelling	n/p	Yes	Yes
Back to back townhouse dwelling	n/p	Yes	Yes
Stacked townhouse dwelling	n/p	Yes	Yes

Long term care home	n/p	Yes	Yes

Non-Residential Uses	LD Zone	MD Zone	HD Zone
Day care establishment	n/p	n/p	Q1
Community centre	n/p	n/p	Q1

Qualifications:

Q1 Permitted on the ground floor of an apartment building, retirement home or long term care home.

14.4.2 Low Density (LD) Zone Provisions

(a) Lot and Building Requirements by Building Type

- (i) The following Table 14.4(2) and additional provisions establish the zone standards that apply to the Low Density (LD) zone.

Table 14.4(2): Low Density (LD) Zone Standards

Building Type	Min. Lot Area	Min. Lot Frontage	Min. Front Yard	Max. Front Yard	Min. Interior Side Yard	Minimum Exterior Side Yard	Min. Rear Yard	Minimum Front Yard Landscaped Open Space	Maximum Building Height

Semi-detached dwelling	210 m ²	7 m/ unit, except 10 m for a corner lot	3 m ⁽¹⁾	NR	0.9 m ⁽⁴⁾	3 m ⁽¹⁾	7.5 m	25%	11 m

Notes:

NR = No Requirement

- ⁽¹⁾ Except that for the wall of the private garage containing the opening for a vehicle, the minimum yard shall be 5.8 metres.
- ⁽²⁾ Except that for lots with frontages of less than 12 metres, the minimum front yard landscaped open space shall be 25%.
- ⁽³⁾ Except that for a single detached dwelling situated on a corner lot abutting a roundabout, the minimum lot frontage shall be 13 metres.
- ⁽⁴⁾ Except that where semi-detached dwellings on abutting lots share a common wall, no interior side yard shall be required.

(b) Additional Provisions

- (i) For a single detached dwelling situated on a lot that abuts a lane, the larger required minimum interior side yard shall abut the lane.
- (ii) For a single detached dwelling situated on a corner lot abutting a roundabout, the vehicular access to the garage shall be taken from the exterior side lot line.

14.4.3 Medium Density (MD) Zone Provisions

(b) Lot and Building Requirements by Building Type

- (i) The following Table 14.4(3) and additional provisions establish the zone standards that apply to the Medium Density (MD) Zone.

Notes: NR = No Requirement

- (1) Except that for the wall of the private garage containing the opening for a vehicle, the minimum yard shall be 5.8 metres.
- (2) Except that the minimum distance where access is provided to both sides of a lane shall be 1.75 metres.
- (3) Except that for an underground parking area, the minimum setback shall be 0 metres.
- (4) Except that for the Medium Density Zone abutting Taunton Road or Dundas Street, the maximum building height shall be 8 storeys.
- (5) Except that for in the Medium Density Zone abutting Taunton Road or Dundas Street, the minimum building height shall be 3 storeys.
- (6) Except that for a corner lot, the minimum lot frontage shall be 9 metres.
- (7) If no common wall exists between the rear garages of attached units, the minimum interior side yard for the garage portion of the building and any space above shall be 0.6 metres.
- (8) Except that the minimum private amenity space shall be 10 square metres for lots with frontages of less than 6 metres.
- (9) Where no common wall exists.
- (10) Except that the minimum distance from the travelled portion of an internal roadway or private street shall be 2.75 metres.

(c) Additional Provisions

- (i) The minimum lot depth of a back to back townhouse dwelling unit shall be 13.5 metres.
 - (ii) The following provisions apply to block townhouse dwellings:
 - (a) The minimum width of each dwelling unit shall be 5.5 metres.
 - (b) The minimum separation distance between block townhouse dwellings on the same lot shall be 2.4 metres for an end wall to end wall condition, 15 metres for a rear wall to rear wall condition, and 15 metres for a front wall to front wall condition.
 - (c) The provisions pertaining to setbacks for garages in subsection 14.2 apply to block townhouse dwellings, and for the purpose of applying these provisions to block townhouse dwellings, the boundary of an internal roadway shall be deemed to be a lot line and a theoretical line extending from the vertical division of the block townhouse dwelling units to the boundary of the internal roadway shall be considered the side lot line.
 - (d) The minimum distance from an end wall to an internal roadway shall be 1.8 m.
 - (e) The minimum distance from a wall other than an end wall to an internal driveway shall be 3.0 m.
 - (f) The minimum distance from an integral garage of a block townhouse dwelling unit to an internal roadway shall be 5.8 m.
 - (g) The minimum landscaped open space on the lot shall be 30%.
 - (iii) The following provisions apply to stacked townhouse dwellings:
 - (a) The minimum separation distance between stacked townhouse dwellings on the same lot shall be 2.4 metres for an end wall to end wall condition, 15 metres for a rear wall to rear wall condition, and 15 metres for a front wall to front wall condition.
 - (b) The minimum distance from an end wall to an internal roadway shall be 1.8 m.
 - (c) The minimum distance from a wall other than an end wall to an internal driveway shall be 3.0 m.
 - (d) The minimum distance from an integral garage of a stacked townhouse dwelling unit to an internal roadway shall be 5.8 m.
 - (e) The minimum landscaped open space on the lot shall be 30%.
 - (iv) The following provisions apply to an apartment building, long term care home or retirement home:
 - (a) The minimum landscaped open space on the lot shall be 25%.
 - (b) The minimum separation between two buildings on the same lot shall be 12 metres.
-

14.4.4 High Density Zone (HD) Zone Provisions

(a) Lot and Building Requirements by Building Type

The following Table 14.4(4) and additional provisions establish the zone standards that apply to the High Density zone.

Table 14.4(4): High Density (HD) Zone Standards

Notes:

NR = No Requirement

⁽¹⁾ Except that for an underground parking area the minimum setback shall be 0 metres.

⁽²⁾ Except that a maximum of 25% of the building facing the street may have a greater front yard depth.

(b) Additional Provisions

- (i) The minimum residential density shall be 75 dwelling units per net hectare and the maximum residential density shall be 150 dwelling units per net hectare.
- (ii) For street townhouse dwellings, block townhouse dwellings, back to back townhouse dwellings and stacked townhouse dwellings, the respective additional provisions of subsection 14.4.3 apply.
- (iii) The following provisions apply to an apartment building, long term care home or retirement home:
 - (a) Where buildings are 8 storeys or more in height, a 3 to 5 storey podium shall be provided and the point tower portion of the building shall be set back a minimum of 3 metres from the outer edge of the exterior wall of the podium.
 - (b) Where the rear yard of a lot containing an apartment building, long term care home or retirement home abuts a lot in the Low Density or Medium Density Zone, the building height above 12.0 metres shall be limited by a 45-degree angular plane measured from a height of 12.0 metres at the 7.5 metre setback from an adjoining Low or Medium Density Zone.
 - (c) Where the side yard of a lot containing an apartment building, long term care home or retirement home abuts a lot in the Low Density or Medium Density zone, the building height above 12.0 metres shall be limited by a 45-degree angular plane measured from a height of 12.0 metres at the 6 metre setback from an adjoining Low or Medium Density Zone.

- (d) The minimum separation distance between buildings with a point tower shall be 25 metres.
- (e) The minimum separation distance between apartment buildings of less than 8 storeys on one lot shall be 12 metres.
- (f) The minimum landscaped open space on the lot shall be 25%.

-
- (g) Any above ground parking structure:
 - (i) shall be inside the building such that the perimeter wall of the parking structure shall not be exposed to view from the street;
 - (ii) the portion of all floors facing a street shall be occupied by uses permitted in the zone other than parking, except for any egress or ingress driveway or ramp leading to the parking structure;
 - (iii) the uses required in (g)(ii) above shall extend at least 10.0 metres in depth from the wall facing the street and extend to the same height as the proposed parking structure;
 - (iv) shall be no higher than four storeys or the height of the podium where a podium is provided

- (1) Except that for the wall of the private garage containing the opening for a vehicle, the minimum yard shall be 5.8 metres.
- (2) Except that the minimum distance shall be 1.75 metres where access to a garage, carport or unenclosed parking space is provided from both sides of a lane.
- (3) A maximum of 25% of the building facing a street can have a greater yard.
- (4) Except that for an underground parking area the minimum setback shall be 0 metres.
- (5) Except that the minimum side yard shall be 3 metres abutting a Low Density or Medium Density Zone.
- (6) Except that the minimum number of storeys in the MX2 Zones located at the corner of Coronation Road and Twin Streams Road and at the corners of Des Newman Boulevard and Bonacord Avenue shall be 2 storeys.
- (7) Except that in the MX1N and MX1S Zones, the maximum building height may be increased to 12 storeys in locations identified in a Gateway Area where such locations are determined to be within 200 metres measured along all street lines at the intersection of Rossland Road West and Des Newman Boulevard.
- (8) Except that the maximum number of storeys in the MX2 Zones located at the corner of Coronation Road and Twin Streams Road and at the corners of Des Newman Boulevard and Bonacord Avenue, shall be 4 storeys.
- (9) Except that for a corner lot, the minimum lot frontage per unit shall be 9 metres.
- (10) Except that the minimum private amenity space shall be 10 square metres for lots with frontages of less than 6 metres.
- (11) Within a street townhouse dwelling, if no common wall exists between the rear garages of attached units, the minimum interior side yard for the garage portion of the building and any space above shall be 0.6 metres.
- (12) Where no common wall exists.
- (13) Except that the minimum distance from the travelled portion of an internal roadway or private street shall be 2.75 metres.

- (14) Except the minimum lot area shall be 145 square metres on a private street.
 - (15) This provision only applies to buildings within 30 metres of a street line.
 - (16) For a non-residential building, the requirement for a building to be two storeys shall be considered to be met where the building has a minimum height of 7.5 metres and there is functional space above the first storey.
 - (17) Except that the minimum interior side yard and minimum rear yard shall be 7.5 metres abutting a Low Density or Medium Density Zone
 - (18) Except that in the MX2S Zones situated along Taunton Road West, west of Coronation Road and west of Cochrane Street, the maximum building height may be increased to 12 storeys.
-

(b) Additional Provisions

- (i) For a street townhouse dwelling unit with a detached rear garage, the minimum separation distance between the detached rear garage and the dwelling unit shall be 5 metres.
 - (ii) The following additional provisions apply to block townhouse dwellings:
 - (a) The minimum width of each dwelling unit shall be 5.5 metres.
 - (b) The minimum separation distance between block townhouse dwellings on the same lot shall be 2.4 metres for an end wall to end wall condition, 15 metres for a rear wall to rear wall condition, and 15 metres for a front wall to front wall condition.
 - (c) The provisions pertaining to setbacks for garages in subsection 14.2 apply to block townhouse dwellings, and for the purpose of applying these provisions to block townhouse dwellings, the boundary of an internal roadway shall be deemed to be a lot line and a theoretical line extending from the vertical division of the block townhouse dwelling units to the boundary of the internal roadway shall be considered the side lot line.
 - (d) The minimum distance from an end wall to an internal roadway shall be 1.8 m.
 - (e) The minimum distance from a wall other than an end wall to an internal roadway shall be 3.0 m
 - (f) The minimum distance from an integral garage of a block townhouse dwelling unit to an internal roadway shall be 5.8 m.
 - (g) The minimum landscaped open space on the lot shall be 30%.
 - (iii) The following additional provisions apply to back to back townhouse dwellings:
 - (a) The minimum lot depth for a back to back townhouse dwelling unit shall be 13.5 metres.
 - (b) The minimum distance from an end wall to an internal roadway shall be 1.8 m.
 - (c) The minimum distance from a wall other than an end wall to an internal roadway shall be 3.0 m
 - (d) The minimum distance from an integral garage of a back to back townhouse dwelling unit to an internal roadway shall be 5.8 m.
 - (iv) The following additional provisions apply to stacked townhouse dwellings:
 - (a) The minimum separation distance between stacked townhouse dwellings on the same lot shall be 2.4 metres for an end wall to end wall condition, 15 metres for a rear wall to rear wall condition, and 15 metres for a front wall to front wall condition.
 - (b) The minimum distance from an end wall to an internal roadway shall be 1.8 m.
 - (c) The minimum distance from a wall other than an end wall to an internal roadway shall be 3.0 m
-

- (d) The minimum distance from an integral garage of a stacked townhouse dwelling unit to an internal roadway shall be 5.8 m.
 - (e) The minimum landscaped open space on the lot shall be 30%.

(7653-20)

14.6.3 Exceptions**(1) Exception 1: MX1N-1
840 Rossland Road West****1. Defined Area**

The lands located north of Rossland Road West and south of the Canadian Pacific Railway rail line and zoned MX1N-1 shall be subject to the provisions as hereinafter contained. Matters not specifically dealt with in this By-law amendment shall be governed by the relevant provisions of By-law #1784.

2. Uses Permitted

No person shall within any MX1N-1 Zone use any lot or erect, alter or use any building or structure except for the following uses:

- apartment building
- mixed use building containing one or more of the non-residential uses permitted in the MX1N Zone

Provided that any buildings situated to the east or west of the proposed entrance driveway and adjacent to Rossland Road West shall only be developed as mixed use buildings.

3. Zone Provisions

In any MX1N-1 Zone, the applicable zone provisions of By-law #1784 shall continue to apply including the applicable provisions of subsection 14.6.2 except that the following additional provisions shall also apply:

(a) Lot Line Determination

The lot line abutting Rossland Road West shall be deemed the front lot line and the lot line abutting the Canadian Pacific Railway right of way shall be deemed the rear lot line and all other lot lines shall be deemed interior side lot lines.

(b) Net Residential Density Maximum

280 units per net hectare

Provided however that the calculation of net residential density includes any aisles, driveways and/or internal roadways.

(c) Height of Building Maximum

12 storeys

Provided however that any building situated to the east of the proposed entrance driveway and adjacent to the Rossland Road West street line shall have a maximum height of 7 storeys.

Provided further that any building situated to the west of the proposed entrance driveway and adjacent to the Rossland Road West street line shall have a maximum height of 8 storeys.

(d) Roof Top Appurtenances

The maximum height of any roof top appurtenances such as an elevator penthouse, mechanical room, stair tower, roof top access, activity room and any architectural features shall not exceed 6 metres.

(e) Non-Residential Provisions

(i) The minimum gross floor area devoted to non-residential uses shall be 900 m² excluding outdoor patios related to non-residential uses.

(ii) Non-residential uses, where integrated in a mixed use building, shall only be permitted on the first and second storey.

(iii) The minimum floor to ceiling height of the first storey for all non-residential uses shall be 4.5 m.

- (iv) Notwithstanding the minimum building yard setback provisions of this By-law to the contrary, any outdoor patio or any ornamental or architectural structure such as a canopy or a colonnade may project to within 0.3 m of the property line.
- (v) No drive through facilities are permitted.

(f) **Parking and Loading Requirements**

Notwithstanding any provisions of Section 4A and subsection 14.3 to the contrary, the following provisions shall apply:

- (i) **Number of Resident Parking Spaces**
 Minimum 1.0 space per apartment dwelling unit
- (ii) **Number of Visitor Parking Spaces**
 Minimum 0.15 spaces per apartment dwelling unit
- (iii) **Number of Non-Residential Parking Spaces**
 Minimum 1.0 space per 23 m² of gross leasable area
- (iv) Any parking structure situated below finished grade may be located no closer than 1.0 m to any street line or any other lot line provided that any roof deck or finished top level of the parking structure is not greater than 1.0 m above finished grade. This provision shall also apply to ventilation shafts, stairways and other similar facilities associated with a parking structure that projects above finished grade.
- (v) Any parking area or parking spaces at finished grade shall be setback a minimum distance of 2.5m from any street line, 2.0 m from any other lot line, 3.5 m from the exterior wall of a main building other than an end wall and 1.8 m from an end wall.
- (vi) Tandem parking spaces shall be permitted and be counted as two parking spaces only where used by an owner or tenant of one dwelling unit.
- (vii) The parking space dimensions for an accessible parking space shall be:

Type of Space	Min. Length	Min. Width	Min. Height
Accessible Parking Space	5.8 m	3.4 m	2.4 m

4. Zone Provisions That Do Not Apply

The following subsections of By-law #1784 shall not apply to the lands zoned MX1N-1 by this By-law Amendment

14.6.2.(b)(vii)(a)

5. Definitions

For the purpose of the interpretation of the various zone provisions set forth above, the following definitions shall apply and where a conflict between the definitions set forth hereunder and those set forth in Section 2 and subsection 14.1 of By-law #1784, the following definitions shall apply:

- (a) **“Landscaped Open Space”** means the open unobstructed space on a lot which is suitable for the growth and maintenance of grass, flowers, trees and shrubs, and other landscaping or other common outdoor recreational activity space and includes any surfaced walk, patio and open space areas or other common outdoor recreational activity areas or similar landscaped space on the roof of a building, but does not include any driveway or ramp whether surfaced or not, nor any curb, retaining wall, parking area, private balcony or private terrace.
