3.3 Grant Application and Criteria

The application will consist of:

- a) An explanation of the program, event, project or initiative - what the goal of the program, event, project or initiative is, and /or what they are trying to achieve.
- b) The community impact of the program, event, project or initiative, how it supports inclusiveness and how it makes a difference to the residents of the Town of Whitby.
- c) Funding efforts including how is the program, event, initiative or project funded beyond what the Town may provide, other fundraising efforts, the importance of the Town's grant to the program, event, initiative or project and the impact if funding is not provided.
- d) The measure of success for the program, event, initiative or project, and a general explanation of what it means to have the Town participate in the initiative or project.

Grants shall be evaluated using the following criteria:

- a) How the project will benefit the community (scale, inclusivity, direct and indirect benefits);
- b) Soundness of business plan (including resources, own funds and fundraising);
- c) The importance of the Town's contribution; and,
- d) How the success of the project will be determined.

The following Evaluation Guidelines assist with prioritizing submissions and balancing available funds with requests:

- a) High priority is given to community focused projects, activities and events with a strong local presence;
- b) High priority is given to projects that promote social inclusion and civic engagement within the Whitby community;
- c) One-time events that promote the Whitby community are supported;
- d) Capital expenditures may be provided for an established charity that has direct benefit to the Whitby community;
- e) The purchasing of tables at award ceremonies, galas or fundraising events are given low priority;
- f) Providing funding for ongoing operating costs of an organization or charity are given low priority;
- g) Submissions seeking support for a charitable event for another charity are given low priority;
- h) Initiatives being supported through other sources and programs are given low priority; and,
- i) The precedent that is set through the support of an application must be considered to ensure equitable funding is sustainable.

Applications are evaluated based on their relative merit and funding in one year does not guarantee funding for a similar initiative or event in the following year.

Periodically, special consideration for an individual or group within Whitby may be required and the Committee has the ability to consider those based on the above criteria.

3.4 Final Reporting

Grant recipients are required to submit a Final Report within 30 days of completing their event or initiative. The Final Report template is available on the Town's website and is provided to recipients upon notification of their successful application. This report helps the Town assess the effectiveness of the initiative and measure the grant's impact on the community.

Organizations must submit their Final Report for any existing grant funding before applying for new grants.

If the Final Report indicates that not all funds have been used, the Grants Review Committee may:

- a) Require the return of unspent funds.
- b) Approve an extension for the project until the funds are fully utilized.
- c) Authorize the reallocation of funds to a similar initiative proposed by the organization.

The Grants Review Committee will review the Final Report and provide written confirmation of their decision regarding the use of any remaining funds.

3.5. Communication

- a) The Town will promote the Grant Application process through various communication methods, including the web, social media, print materials, and other communication methods as appropriate. Timelines for Grant Applications will be communicated and published on the Town's website.
- b) Opportunities for Community and Lead Grants will be advertised in March of each year using appropriate channels, as well as promoted on the Town's website throughout the year.
