The Municipal Consent approval process is intended to ensure that the location approved for the various utilities does not conflict with any existing utilities or municipal services as well as any future municipal requirements such as road widening or sewers.

The established fee is meant to recover staff time and other costs associated with the processing of Municipal Consents and are based on the average costs over previous years. 3. **Animal Licences:** These fees cover the cost of processing an application for an animal licence for a cat or dog which includes staff time and other costs to investigate, regulate and require owners of cats and dogs to register animals with the Town.

The after-hours fee is applicable when an Animal Services Officer is required to work after-hours and incur overtime to pick-up an animal found running at large. This fee helps to offset the costs incurred in providing this service to the Town's residents.
7. **Owner Surrender Fees:** These fees are applicable should an animal owner wish to transfer their animal to Animal Services for future adoption. Animal Services incurs costs to care for the animal and to have it spayed/neutered and vaccinated prior to making the animal available for adoption.

12. **General Legal Fees:** This fee sets the rate by which the Town may seek cost recovery for time spent by the Law Clerk or Town Solicitor on various legal matters, so that if the Town seeks costs in a litigation and needs to include the time spent by staff in Legal Services, it can establish the validity and existence of such cost through the fees and charges by-law.
13. **Land Titles Registration Administration Fee:** This fee covers the Town's actual costs and time spent to register agreements or other instruments on title to property.
